## Foreword

Again last season, you Iris Fanciers who know the Iris Top Notchers, exhausted our entire stock of salable rhizomes, and we were hard pressed to have enough stock to plant back, so we could again give you a fine listing for 1946.

We have not listed many varieties we carried last year, and have added a fine lot of the newest varieties of which we have enough stock to list.

All prices are made subject to stock on hand, and as we do not enter into any price combinations, and keep our costs down, we are enabled to pass the savings on to you.

Our prices are again wholesale and less, and for early orders our stocks are complete, but we do warn you, that late orders may find us sold out of many of the new, scarce items.

We were sold out on most things by June 15th last season, and from inquiries pouring in to us every day, we again anticipate an early sell-out in 1946.

By taking delivery when ready we continue the policy of liberal premiums as in the past on all orders placed with us by July 1st.

Positively no premiums will be given on orders received after July 1st.; after July 1st the low prices of the catalog will prevail without exception.

Shipments will start about June 25th, and end by July 20th.

To the many Iris Fanciers who have done business with us in the past, we wish to thank each and every one for their patronage.

Your entire satisfaction is guaranteed, and all our business dealings are friendly. You will find that we deliver more than mere words.

**MAKE ALL CHECKS PAYABLE TO IRIS TEST GARDENS.**

### WASHINGTON STATE TAX

All Washington State residents: Please add 3% sales tax to the amount of your order. Outside State of Washington, no tax.

We get lots of letters from our customers, praising our stock, and methods of doing business, and we print just two of them.

A friend writes:

"Thank you for lovely rhizomes at low prices, and I do appreciate the premium in addition; which allows me to select more "Must Have" Iris, and keeps me within my Iris budget."

Another letter:

"Why not maintain other dealers' prices? You will sell more dollar value on less volume, and in these days of higher producing costs, you will make more money."

**READ MY CATALOG, AND SEE WHICH LETTER WAS TAKEN SERIOUSLY.**

A true Iris Fancier will go all lengths to have a new variety that will appeal to him, and we believe our method of doing business will allow the purchase of this new variety, without having to wait for prices to come within reach.

# Our Introductions for 1946

MR. H. P. SASS allows us the honor to introduce CARNIVAL PARADE. This is a top flight unusual yellow plicata.

Luke Norton of Yakima originated MICHAEL, our new pink blend, and we know this variety is good enough for great honors.

Mr. Becherer of St. Louis sent us the lovely HIWASSEE to grow, and we were delighted to introduce it for him. Watch this fellow.

**DELUXE IRIS SEED FOR 1947**

This great collection of new and rare top liners of Irisdom is a great fertile field for Hybridizing Iris Seedlings.

The Seed Department for 1947 will list seed from Iris Top Flight crosses, that should give results far ahead of the crosses resulting from using the older varieties, that do not have a long background of selective breeding behind them.

If you wish to obtain this seed in fall of 1947, be sure to send in your name and address, specifying that you are and will be interested in this Super Seed from Top Flight Iris Varieties.

This Hybridizing work will be under the direction of a trained expert, who should give the crosses that will give you something fine without planting thousands of seedlings.

This Seed List and Listing of Iris Crosses will only be mailed to the people who will indicate they are interested.

This list will not be mailed out with our General Mailing List.
